

The *Hybrid course*, Great Game: The Geopolitics of Russia

After its stunning loss in Syria, how will Russia play its geopolitical hand?

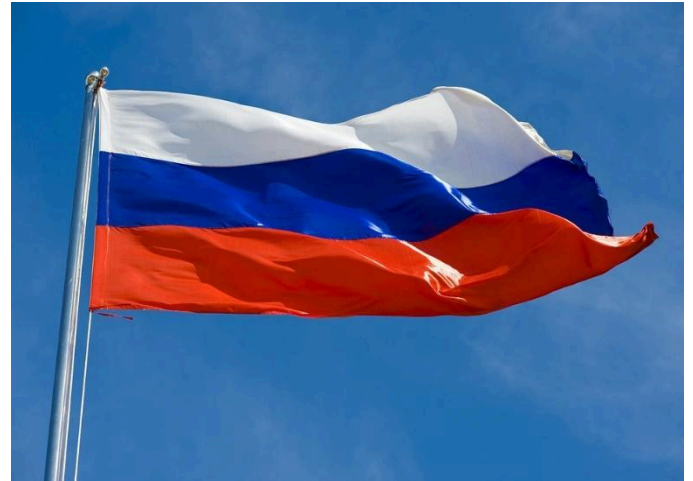

And what will the result be for the West?

This once mighty empire, then a Soviet behemoth, is now reduced in power and status.

Still immersed in a grinding war and facing harsh sanctions.

And trying to forge new partners and alliances.

Historian Olivier Courteaux will explore Russia's potential moves on the world stage.

Saturdays, 10 – 12 p.m.
